

Building Beloved Community

with all of our neighbors

JUNE 21, 2022 6:30 - 8 PM
ST. MICHAEL & ALL ANGELS, PORTLAND

We'll be talking about how to engage the challenges around our communities and buildings when so many people around us are compromised by addiction, abuse, poverty, and homelessness. We'll talk with others doing this hard work every day about harm reduction, life-giving relationships, health and safety, property issues, and Jesus.

Panel discussion followed by Q&A
